On December 11, 2024, the Gavi CSO Constituency hosted a community call led by Liza Barrie, the Vice Chair of the Gavi CSO Constituency. The discussion focused on the outcomes of the Gavi board meeting (4<sup>th</sup> – 5<sup>th</sup> December 20, 2024) and the midterm review (MTR) of the Civil Society and Community Engagement (CSCE) strategy. Key discussions surrounded the approval of the Health System Strengthening (HSS) policy and the 10% funding allocation for CSOs, emphasizing their role in reaching zero-dose children and marginalized communities. The MTR identified strengths such as successful funding implementation and diversified partnerships, while also noting challenges like complex strategy design and inconsistent monitoring. Recommendations for Gavi 6.0 include improving coordination, enhancing monitoring and evaluation, and fostering equitable CSO engagement.
